To all members of the Planning Commission
We the undersigned having attended the
August 17, 2008 meeting and read into
the record our earlier letter to all of you,
do continue to urge the removal of the
word — "undisturbed" and replace
it with the words — "do not remove",
as to this ordinance.

We do agree with our neighbor
Charlie Beshers most recent letter to
the Planning Commission, in its entirety.
